Their collective wisdom sets us in the right path and we as an association are steadfast as we sail in these challenging times, towards growth and advancement of our chosen Profession.

Team TNOA

Team TNOA covers more ground by being able to join hands and work in tandem. Formal discussions spill over to further deliberations via modern technology and gets going in full swing and as Hony Secretary I place on record my sincere thanks and appreciation for all team members who have been our strength. We wish to dedicate to the spirit of camaraderie and teamwork we could sync and strike this annual report 2017.

Being in touch with the current affairs and sensitive to issues in the public domain is our strength and TNOA congratulates various members who have involved themselves in the Jallikkattu agitation that seized our collective consciousness for a period and ended up on positive legislation.

176 New members enrolment

As usual it started as a trickle and closer to EROVISION '17, flooded our resources and our demanding young members seek immediate membership number and website access, even before their couriers could reach us. We set upon ourselves a target of less than 24 hrs and reached them back with welcome sms and email and in many instances our PGs could even sign in and submit their online submissions within that time.

Thanks to the Downloadable webforms and the magic of brand TNOA we proudly submit that we are stronger by 176 + new members enrolled crossing membership milestone of 2500, and as ever we will seek GB permission to ratify all new members registering in the conference venue also.

Model Compliance

We are tax compliant organisation and pay our income tax and GST payments promptly. All due steps are being pursued to document all the charity and CME activities under TNOA banner by our members' institutions and compile them all and reapply for 12A exemption. We also submit necessary documentation with the Registrar of Societies and with the tightening of association and trust regulations and scrutiny, we keep compliance as our key agenda

TAMIL NADU OPHTHALMIC ASSOCIATION TREASURER REPORT 2016-17

Financial Performance Highlights

We have made a major shift in our accounting. This is the first time we have integrated conference accounts as part of TNOA financial reporting.

We have achieved a Total Revenue of Rs.1.27 Crores and Net Income of Rs.2.16 Lakhs. VELEYE has contributed a Net Income of Rs. 6.88 Lakhs which is way below the budgeted revenue of Rs.12 Lakhs. Service Tax Liability of Rs.11.25 Lakhs for VELEYE is yet to be paid. We have taken a loan against an FD to the tune of Rs.15 Lakhs to meet the expenses of the Association covering the shortfall of revenue. We have paid a sum of Rs.30 Lakhs to AIOS by breaking a FD. Our FD savings stands at Rs.53.06 Lakhs.

Operations Summary

- Service Tax Registration is completed. Service tax collection was implemented first in VELEYE conference.
- TNOA Conference Account transferred to EROVISION 2017. All collections and payments will be managed by the conference management committee. Audited Income and Expenditure statement will be provided to the Treasurer's office after the conference.
- We are still registered as a Trust with Income Tax. We are working with our auditor to change our registration to Association. But this is proving to be a difficult task.
- We have responded to notices received from Income Tax Department and Service Tax Department to pay tax dues.
- IT 12A Registration is in progress.
- Pay U Money was rolled out during the VELEYE conference. Collection through this channel was Rs.9.58 Lakhs

Observations

- Financial Performance for FY 2016-17 is probably one of the lowest. Expenses have significantly increased without corresponding increase in revenue. We are breaking FDs to fund the gap.
- The current trend of using FD to fund expenses will deplete savings in 2 - 3 years.
- Reconciling conference invoices with payments has been difficult. Verbal confirmation and improper documentation has been the prime reason for this.
- We need a Registered Office Address for TNOA for all Statutory Registrations and Communication. We need to produce proof of address as we go through the process of such registrations for TNOA.

STATUTORY REQUIREMENT: "Every successful organization has to make the transition from a world defined primarily by repetition to one primarily defined by change." - Bill Drayton

Our journal also needed a transformation, to progress in the realms of scientific publishing.
